#### **About Engineer:**

I was inspired to study civil engineering by my family members because all of my family members work in the construction industry. After finishing high school, I enrolled in the **RMK Engineering College** to study civil engineering. I finished my civil engineering degree in 2016, and I gained experience on various projects like villas, apartments, and an indoor stadium. By the Tamil Nadu government's rules, I registered with the **CMDA** as a **Registered Construction Engineer**.
